# MIGRANT EDUCATION NIGHT

#### Letters to Santa

Come one, come all! Come write a letter to Santa! We provided lovely letter templates and sharpened pencils for our students to write their letter to Santa! Asking for their favorites things and telling him how good they have been all year!

#### Christmas Ornaments

Ornament making was in full swing at our Gingerbread Village! Glitter, glue, and all things sparkly and colorful! Our students enjoyed making their own homemade ornaments!

### Gingerbread Houses

Boys and girls of all ages loved making their own gingerbread houses and cookies! This part of the night was a big hit with the kids! Students really took the time and care to decorate their gingerbread items. Whether it be a house or a cookie, the craftsmanship that went into the final product could not be denied! I heard they were pretty yummy too!

## **Book Fair**

Students and families alike enjoyed picking out their perfect books to read on these long cold winter nights. As soon as the doors to the book fair opened our kids were so eager to get their books! Excitement was in the air and the line never stopped!
