MIGRANT EDUCATION PROGRAM

2023-2024

MIGRANT PROGRAM INFORMATION

A primary goal of the migrant program is to increase literacy at home and assist in improving educational opportunities for migrant children to help meet the challenging state academic content, to graduate from high school, provide postsecondary supports, and remove educational barriers.

In 2022-23 there were
343 migratory children
 in Southwest Region School District;
50% of the student body population

All eight sites in the district have a migrant coordinator that helps organize family nights and support student selected book distribution.

HOW DOES MY CHILD QUALIFY?

To qualify, any or all of your children have to meet the following conditions:

-  Traveled 20 miles one way or crossed school district boundaries to go commercial fishing, subsistence fishing, clamming or berry picking.
-  Spent a total of 7 nights/8 days away from home doing 'qualifying' activities within a 12-month period (does not have to be consecutive nights).
-  There is an economic need for the commercial or subsistence activities.
-  Children ages birth to 20 (22 if the child is receiving special education services) can qualify for the program. However, once a child has graduated with a diploma, they no longer qualify for services.

PROGRAM SERVICES

- Literacy Program**

Migrant Education 2024 Parent Survey - Southwest Region
Parent Needs Assessment Survey
Alaska Migrant Education Program

The Alaska Migrant Education Program is conducting our annual study of the needs of families of migratory children and youth. We hope you will answer these questions as honestly and completely as you can. Your answers will help improve the educational support your children receive from the Alaska Migrant Education Program. If you have more than one child in the Migrant Education Program, please answer in general for all your children and youth. The deadline for completing and returning this survey is **March 31, 2024**.

What is the Migrant Education Program (MEP)? The Migrant Education Program is a federally funded program that gives migratory children and youth support to meet challenging academic standards. Districts typically provide services to migratory children in the form of supplemental instructional support or support services. For more information about Migrant Education please contact your district's federal programs director, or the [Alaska Migrant Education](https://education.alaska.gov/ESEA/TitleI-C/) webpage (education.alaska.gov/ESEA/TitleI-C/).
