

Southwest Region School District Volunteer/Chaperone Packet

Welcome and thank you for your interest in volunteering within the Southwest Region School District. Volunteers who will be performing services outside the sight and sound of a district employee are required to complete this application and receive approval prior to volunteering. All chaperones except current employees are required to complete the packet and receive approval prior to serving as a chaperone. Please return your completed application to the principal of the school.

Please review following documents:

1. SWRSD Mandatory Child Abuse Reporter Training (separate document)
 - a. This training is mandatory for all volunteers, including volunteer coaches and chaperones. It should take approximately 30 minutes to review.
2. Read Blood Borne Pathogen Information - pages 2 – 4
3. Review the Background Check Information – page 4
4. Review Defining Adult and Student Boundaries Information and Student and Staff Privacy information – pages 5-6

Please complete and submit the following to the building principal:

- _____ Mandatory Child Abuse Reporter Training Acknowledgment Form•
- _____ Volunteer Contact Information (page 7)
- _____ Volunteer Code of Conduct (pages 8-9)
- _____ Background Check Consent Form (page 10)
- _____ Volunteer Acknowledgement Form (page 11)
- _____ Waiver of Liability Form (page 12)
- _____ Copy of Government Issued ID – No Military ID accepted

You will NOT be eligible to volunteer or chaperone until the District can review the online criminal history background check report. The turnaround time for results could take five or more business days. See page 4 for more information. Once your background check has been approved, you will be notified by a district representative. If you are approved as a volunteer/chaperone, that approval is valid for two years from the date of approval. Volunteer/chaperones are required to self-report any convictions that occur in the intervening time between background checks. If you have questions regarding the volunteer/chaperone application, please contact the building principal.

All volunteer/chaperones, who volunteer/chaperone 4 hours in a week or 20 in a month are mandated reporters and MUST report suspected child abuse within 24 hours. A mandated reporter, who tells the principal or another individual within the school district of his or her suspicion of abuse or neglect, is not relieved of the obligation to make the report to OCS. The person with the suspicion must make the report as soon as is reasonably possible, and no longer than twenty-four (24) hours.

Feel free to keep pages 1-6 and pages so you can reference it at a later time. The Barrier Crimes Matrix (pages 13-19) do not need to be returned.

Section 1 - Bloodborne Pathogen Training for Volunteers and Chaperones

Bloodborne pathogens are pathogenic microorganisms such as viruses or bacteria which are carried in the blood and body fluids and can cause disease in people. There are many different bloodborne pathogens, but the Hepatitis B Virus (HBV), Hepatitis C Virus (HCV) and the Human Immunodeficiency Virus (HIV) are the three viruses that pose the greatest concern to people. These diseases are specifically addressed by the OSHA Bloodborne Pathogen standard.

Hepatitis B Virus (HBV)

Hepatitis B is a virus that can infect the liver. This inflammation can lead to more serious conditions such as chronic liver disease, cancer, or death. More than 5,000 people die annually from HBV-related liver disease.

Symptoms may include fatigue, abdominal pain, loss of appetite, nausea and vomiting. Symptoms of jaundice, a distinct yellowing of the skin and eyes, and darkened urine will often occur as the disease progresses. Half of those infected show no symptoms and others may show symptoms as soon as 2 weeks or as long as 6-9 months after infection.

Hepatitis B is the most easily transmitted bloodborne pathogen. The only way to confirm it is by blood test. There is no cure or specific treatment for HBV, but fortunately there is an effective vaccine.

Hepatitis C Virus (HCV)

The Hepatitis C Virus (HCV) can also cause a liver infection. It is estimated that 3.5 million Americans are living with an active, chronic Hep C infection. In 2014, there were 19,659 deaths from HCV related infections.

Symptoms are frequently non-specific, but may include jaundice, abdominal pain, fatigue, dark urine, loss of appetite and nausea. Hep C may lead to cirrhosis of the liver and liver cancer. There is no vaccine for HCV, but there are anti-viral drugs that are used for those who have contracted the disease.

Human Immunodeficiency Virus (HIV)

Human Immunodeficiency Virus (HIV) attacks the body's immune system, weakening it so that it cannot fight other deadly diseases. Approximately 1.2 million people in the United States are HIV positive. 1 in 8 people may not be aware that they are infected. The HIV virus is very fragile and will not survive very long outside of the human body. It is primarily a concern to employees who provide first aid in situations involving fresh blood. Even though the chance of contracting HIV in the workplace environment is low and the number of new cases is on the decline, because it is such a devastating disease, all precautions against exposure should be taken.

Transmission of Bloodborne Pathogens

To be exposed to a bloodborne pathogen such as Hepatitis B, Hepatitis C or HIV, infected blood must get into your bloodstream. Exposures occur primarily through needlesticks, sharps injuries, mucous membrane and non-intact skin.

As a volunteer/chaperone, you can be exposed to Hepatitis B, Hepatitis C and HIV by coming in contact with body fluids contaminated with blood. This can happen when you directly touch contaminated blood while performing first aid or when you touch an object or surface contaminated with blood and then transfer the virus to your mouth, eyes, nose or non-intact skin. Feces, urine, vomit, nasal secretions, sputum, sweat, tears and saliva are not considered infectious unless they contain visible blood. Remember the virus must get into your bloodstream for you to get sick. You cannot become infected with these viruses through casual contact. Volunteer/chaperones are urged to take advantage of available personal protective equipment, such as gloves, and follow work practice controls to prevent exposure to blood and other body fluids.

Recognizing and Preventing Bloodborne Pathogen Exposures

Knowing these steps will help you prevent exposures to body fluids that are potentially infectious:

- SWRSD has a [Bloodborne Pathogen Exposure Control Plan](#). It is based on the guidelines for workplace safety according to OSHA standards.
- Follow universal precautions. Although you may instinctively want to help a student, make sure that you first protect yourself properly.
- Contact custodial staff immediately to ensure proper cleaning of contaminated surfaces.
- Practice good handwashing techniques. This is the most important defense against the spread of disease. A handwashing video can be found here:

<https://www.cdc.gov/cdctv/healthyliving/hygiene/fight-germs-wash-hands.html>

Universal Precautions and Work Practice Controls

Universal precautions and work practice controls are used as an approach to infection control to protect employees and volunteers from exposure to all human blood and other potentially infectious materials.

These include:

- Treat all human blood and body fluids as if they are infectious.
- Observe universal precautions in all situations when there is a potential for contact with blood or other potentially infectious materials.
- Use personal protective equipment in all situations involving blood or body fluids.

Handwashing

Handwashing facilities should be readily accessible. Antiseptic hand cleanser can be used if handwashing facilities are not accessible - handwashing with soap and water should be done as soon as possible. Wash hands immediately after removing gloves or other Personal Protective Equipment (PPE).

Southwest Region School District

Volunteer/Chaperone Packet

Personal Protective Equipment (PPE)

The most common PPE that volunteers will use is gloves.

- Wear gloves when it is possible that your hands may come into contact with blood or body fluids or if you have cuts, scratches, or other breaks in the skin.
- Gloves are single use; do not wash or reuse. They should be removed if they become torn or damaged.

Custodial Responsibilities

Custodial responsibilities include the major tasks of cleaning and disposal of potentially infectious materials. To minimize exposures the following measures should be implemented:

- Notify custodial staff to clean any equipment or surfaces contaminated with blood or body fluids.
- Broken glass should always be treated as contaminated and never be picked up with unprotected hands. Always use mechanical means to pick up glass such as a broom and dustpan. Never push or compact trash with your hands. Hold it away from you and shake down.
- Call your custodial staff for assistance and clear the area of students.

In the event of an exposure, volunteers are required to:

- Wash exposed areas with soap and water. Immediately flush exposed mucous membranes with water.
- Immediately report the exposure incident to the building principal. The principal will provide appropriate paperwork and instructions for seeking medical attention.

Section 2 - Background Check Information

The Southwest Region School District strives to provide a safe and secure environment for students, staff, volunteers, and chaperones. To further this goal, the School District will conduct background checks on volunteers and chaperones who will be performing services near children outside the sight and sound of a district employee.

Please be advised as a part of your volunteer process, you will be asked to complete a background check authorization. SWRSD background check complies with the Fair Credit Reporting Act (FCRA). SWRSD's third-party consumer agency, Liberty Screening, only researches your criminal background.

You will need to sign a consent to background check form with the information necessary for School District personnel to submit a background check request. This document is included in this packet.

The background check report may take five or more business days for completion. Volunteers/chaperones may NOT volunteer in the schools or chaperone students until this background check process has been completed and the School District approval for volunteer or chaperone placement has been received. You will be notified by the principal when you have been approved to begin volunteer work in the school or begin chaperone duties.

Section 3 – Privacy and Boundaries

Respecting one's privacy and confidentiality is very important. Adult members who are closely involved with students must understand the difference between appropriate and inappropriate interactions

Protecting Student & Staff Privacy

Each student with whom you work has a right to expect that nothing that happens to or with them will be repeated to anyone other than authorized school employees, as designated by the administrators of each school. Even when discussing a student with those who are directly involved in a student's education, such as a teacher, principal, or guidance counselor, you may not share otherwise confidential information with them unless it is relevant to the student's educational growth, safety or well-being. This obligation extends to written and verbal information.

Parents, friends, or community members may, in good faith, ask you questions about a student's problems or progress. Again, you must refer all such questions to the authorized school employees. You may not share information about a student, even with members of your own family or their family.

Employees have a right to expect their personal information also be kept confidential. Volunteers may become aware of employee personal information through the course of their activities. You are asked to respect the privacy of the individuals by not sharing this information with others. If you have a concern about this private information, you may discuss your concerns with the associated school principal or program supervisor.

Defining Adult – Student Boundaries

Appropriate interactions are those that create a safe environment in which students may grow, learn, seek help in solving problems and conflicts, and develop social skills. Inappropriate interactions cross the boundaries separating student from adult needs and create a relationship that becomes peer-to-peer rather than adult-to-child.

Offenders may be judged by students and others to be the "best" volunteer, are very popular with students and are often recognized for contributions. Adults who have frequent one-to-one contact with students or who work in extracurricular activities can be at risk for inappropriate interactions or student allegations of inappropriate interactions. The expanding access to and use of technology as an informal and mobile communication tool may lead to inappropriate interactions.

The examples shown may help you to determine when appropriate interactions begin to cross the line to inappropriate (see next page).

Southwest Region School District

Volunteer/Chaperone Code of Conduct

The Volunteer/Chaperone Code of Conduct outlines expectations for all SWRSD volunteers and chaperones.

Volunteers role and responsibilities in schools and programs:

- Understand that your role is a supportive one. The teacher and principal are completely in charge. If the teacher leaves the room, the teacher in the next room assumes responsibility. You must not be left in charge of a classroom.
- Remember volunteers are only permitted to work with students on school grounds and under the supervision of district staff.
- Maintain student confidentiality at all times. Do not discuss any student with anyone except teachers, counselors, and principals.
- Use good judgment and avoid any compromising situations. Work in a room with other people at all times. Never be left alone with one student out of view of other people. Always keep the door open. Always use adult bathrooms.
- Discipline is absolutely prohibited. Ask the teacher or district staff for assistance with problematic student behavior.
- If you become aware of suspected child abuse through your volunteer activities with the district, immediately report your concerns to an administrator, school counselor or teacher.*
- Maintain a constructive attitude. Don't make negative comments about the school, its personnel or the students to other volunteers or individuals outside the school.
- Be prompt and consistent in your attendance. Staff depend on volunteers and plan their work accordingly. Students depend on volunteers even more, especially on field trips.
- Notify the school or department as soon as possible if you are late or absent.
- Keep an accurate record of your attendance by signing in each day you volunteer.
- Dress and act professionally.
- Never be under the influence of drugs or alcohol when with students.
- Do not smoke on school grounds or at any time around students.
- Do not lend money, contribute or solicit money for organizations while on school grounds.
- Do not use the internet inappropriately by going to websites that are not conducive to a professional or educational environment.
- Do not use a cellphone in the classroom or at any time around students.
- Adhere to district, school, and classroom policies rules and regulations.
- Refer any student in need of first aid or any type of medication to the teacher or front office.
- Learn and follow fire drill and other emergency procedures and all school rules.
- Notify the principal of any accident you had on school grounds.

Southwest Region School District

Volunteer/Chaperone Packet

Chaperones role and responsibilities:

- Set an example for proper behavior and to take reasonable measures to protect the health and safety of the students in their charge. In addition, chaperones must be supervising students at all times.

Waiver of Liability for Volunteers/Chaperones

The Southwest Region School District from time to time provides opportunities for members of the community to volunteer/chaperone services to the school district. However, the school district does not provide liability insurance coverage to non-district personnel serving in voluntary or chaperone positions with the school district. The purpose of this waiver is to provide notice to prospective volunteer/chaperones that they do not have insurance coverage by the school district and to document the volunteer's acknowledgement that they are providing volunteer service at their own risk.

By executing this waiver, the volunteer:

1. Acknowledges that the Southwest Region School District does not provide insurance coverage for the volunteer for loss, injuries, illness, or death resulting from the volunteer's unpaid service to the school district;
2. Agrees to assume all risk for death or any loss, injury, illness or damage, of any nature or kind, arising out of the volunteer's supervised or unsupervised service to the school district;
3. Agrees to waive any and all claims against the Southwest Region School District, or its officers, board members, employees, agents, for loss due to death, injury, illness or damage of any kind arising out of the volunteer's supervised or unsupervised service to the school district.
4. Agrees that this waiver is effective whether the death, loss, damage, illness or injury is the result of the negligent, intentional or unintentional acts of the district, any district employee, officer, board member, or agent, or that of any other volunteer working for, or on behalf of the Southwest Region School District, and further agrees to waive any and all claims against the school district, of any nature of kind, for damages arising out of the volunteer's service to the school district.

By my signature below, I hereby certify that I have carefully read this waiver, and that I am making this waiver knowingly, without coercion or duress.
