Assurance Agreement for Schoolwide Plan

Upon implementation of the schoolwide plan, the Title I school served a student population in which at least 40% of the students are from low-income families, or the school received a waiver from the Alaska Department of Education & Early Development to operate a schoolwide program without meeting the 40% poverty threshold. The school has completed the schoolwide planning process and has met the requirements of the Title I legislation relating to schoolwide planning, implementation, and evaluation criteria as outlined in section 1114 of the ESEA. The district has worked in consultation with the school as the school developed the schoolwide plan and will continue to assist the school in implementing, evaluating, and revising the plan annually.

Title I Schoolwide Program Overview

A Title I schoolwide program is a comprehensive reform strategy designed to upgrade the entire education program in a Title I school in order to improve the achievement of the lowest achieving students (ESEA section 1114(a)(1)). Under ESEA, a school may initially operate a schoolwide program if it meets any of the following conditions:

- A Title I school with 40% or more of its students living in poverty, regardless of the grades it serves.
- A Title I school that receives a waiver from the Alaska Department of Education & Early Development to operate a schoolwide program without meeting the 40% poverty threshold.

Benefits from Operating a Schoolwide Program

A school that operates a schoolwide program is able to take advantage of numerous benefits, including:

- **Serving all students.** A school operating a schoolwide program does not need to identify particular students as eligible to participate, or individual services as supplementary. (ESEA section 1114(a)(2)(A)).
- **Consolidating Federal, State, and local funds.** A school operating a schoolwide program may consolidate Federal, State, and local education funds to better address the needs of students in the school. (ESEA section 1114(a)(1), (3)).

Consultation and Coordination

- The plan must be developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of programs described in other parts of this title), the local educational agency, to the extent feasible, tribes and tribal organizations present in the community, and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determined by the school. (ESEA section 1114(b)(2))
- If appropriate and applicable, the plan must be developed in coordination and integration with other Federal, State, and local services, resources, and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing comprehensive support and improvement activities or targeted support and improvement activities. (ESEA section 1114(b)(5))
- The plan must be available to the local educational agency, parents, and the public, and the information contained in such plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand. (ESEA section 1114(b)(4))

Implementing a Schoolwide Program

There are three required components of a schoolwide program that are essential to effective implementation: conducting a comprehensive needs assessment, preparing a comprehensive schoolwide plan, and annually reviewing and revising, as necessary, the schoolwide plan.

- **Conducting a comprehensive needs assessment.** To ensure that a school's comprehensive plan best serves the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards, the school must conduct a comprehensive needs assessment. (ESEA section 1114(b)(6)). Through the needs assessment, a school must examine relevant academic achievement data and other data to understand students' most pressing needs and their root causes. The needs assessment should include consultation with a broad range of stakeholders (described above). Where necessary, a school should attempt to engage in interviews, focus groups, or surveys, as well as review data on students, educators, and schools to gain a better understanding of the root causes of the identified needs.

- Preparing a **comprehensive schoolwide plan** that describes how the school will improve academic achievement throughout the school, but particularly for the lowest-achieving students, by addressing the needs identified in the comprehensive needs assessment. (ESEA section 1114(b)(7)).
 - The schoolwide plan must include a description of how the strategies the school will be implementing will provide opportunities and address the learning needs of all students in the school, particularly the needs of the lowest-achieving students. (ESEA section 1114(b)(7)(A)(i), (iii)). The schoolwide plan may include one or more of these activities:
 - counseling, school-based mental health programs, specialized instructional support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas;
 - preparation for and awareness of opportunities for postsecondary education and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (such as Advanced Placement, International Baccalaureate, dual or concurrent enrollment, or early college high schools);
 - implementation of a schoolwide tiered model to prevent and address problem behavior, and early intervening services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.);
 - professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high need subjects; and
 - strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs;
 - The plan must also contain descriptions of how the methods and instructional strategies that the school intends to use will strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, including programs and activities necessary to provide a well-rounded education. (ESEA section 1114(b)(7)(A)(ii)).
 - To ensure that the plan results in progress toward addressing the needs of the school, the plan should include benchmarks for the evaluation of program results. This plan may be integrated into an existing improvement plan.
- **Annually evaluating the schoolwide plan**, using data from the State's assessments, other student performance data, and perception data to determine if the schoolwide program has been effective in addressing the major problem areas and, in turn, increasing student achievement, particularly for the lowest-achieving students. Schools must annually revise the plan, as necessary, based on student needs and the results of the evaluation to ensure continuous improvement. (ESEA section 1114(b)(3)).

Plan Development and Consultation

A. Describe the composition of the planning team. Provide a list of team members, who they represent, and their roles and/or responsibilities. (Each group should have at least one participant.)

Schoolwide Program Planning Team

Representation	Name of Team Member	Roles/Responsibilities
Principal: (required)	<ul style="list-style-type: none"> Angelia Kelly 	Development and implementation
Teachers: (required)	<ul style="list-style-type: none"> Anna Hennessy 	Development and implementation
Paraprofessionals: (required)	<ul style="list-style-type: none"> Samantha Clark 	Substitute - Development
Parents & Community: (required)	<ul style="list-style-type: none"> Betty Gardiner Karen Wassily Susie Wassily 	CSC Chairperson - Development CSC/Parent - Development CSC/Parent - Development
School Staff (required)	<ul style="list-style-type: none"> Betty Gardiner Pauline Wassily 	Sub Secretary - Development Cook - Development
Technical Assistance Providers: (as appropriate)	<ul style="list-style-type: none"> 	
Administrators: (as appropriate)	<ul style="list-style-type: none"> Candace Hall 	Instructional program implementation and support
*Title Programs:	<ul style="list-style-type: none"> Jon Clouse 	Monitoring and support
*CTE:	<ul style="list-style-type: none"> 	
*Head Start:	<ul style="list-style-type: none"> N/A 	
Specialized Instructional Support: (as appropriate)	<ul style="list-style-type: none"> 	
Tribes & Tribal Organizations: (as applicable)	<ul style="list-style-type: none"> Clarks Point Village Tribal Council 	Development
Students: (if plan relates to secondary school)	<ul style="list-style-type: none"> 	
Other: (as needed)	<ul style="list-style-type: none"> 	

*Administrators of programs that are to be consolidated in the schoolwide plan.

B. Describe the process used to develop the schoolwide plan.

There will be one small team consisting of school staff and a larger team consisting of school staff, parent(s), Tribal representative, community member(s), and district staff as needed.

1. Staff team meets to perform an initial needs assessment based on available data (statistical and anecdotal).
2. Initial needs assessment is brought to the whole team to determine additional areas of need; prioritize the needs; and develop goals to address between one and three need areas. The timeline of the goals may be several years in the future to allow for full implementation of a plan.
3. Staff team meets to develop an actionable plan to address the identified needs areas.
4. The initial actionable plan is brought to the whole team for review and revisions are made as necessary.
5. The Title IA plan is presented to the community at the annual Title IA meeting in the fall of the following year.
6. Recruitment of stakeholders to be a part of the planning team occurs during the fall Title IA meeting.

C. Use the following table to summarize the steps and activities of the planning process. Provide information about meeting dates and agenda items/topics as well as future meeting dates.

Meeting Dates	Agenda Topics/Planning Steps	Participants at Meetings (check all that apply)
08/26/2024	Title IA Budget	<input checked="" type="checkbox"/> Planning Team <input checked="" type="checkbox"/> All Staff <input checked="" type="checkbox"/> Parents/Community
2/19/2025	Parent/Family Engagement Plan Development	<input checked="" type="checkbox"/> Planning Team <input type="checkbox"/> All Staff <input checked="" type="checkbox"/> Parents/Community

mm/dd/yy		<input type="checkbox"/> Planning Team <input type="checkbox"/> All Staff <input type="checkbox"/> Parents/Community
mm/dd/yy		<input type="checkbox"/> Planning Team <input type="checkbox"/> All Staff <input type="checkbox"/> Parents/Community
mm/dd/yy		<input type="checkbox"/> Planning Team <input type="checkbox"/> All Staff <input type="checkbox"/> Parents/Community

D. Describe the process for communicating with all members of the school and community who were not part of the planning team about the planning process, data collection, plan development, and plan approval. Include specific information describing how parents were notified of the schoolwide planning process and involved in the plan development.

The planning process, data collection, plan development, and plan approval communication plan is as follows:

- August – process explained during annual Title IA meeting with community
- August – process is presented at a local CSC meeting
- August – recruitment of stakeholders for the planning teamSeptember - a letter is sent home to all parents.
- September - plan presented during annual Title IA meeting
- February–Parent & Family Engagement Policy updated and approved
- February–Parent/School Compact updated and approved
- March – needs assessment is completed
- March – schoolwide plan updated
- April – revised schoolwide plan presented at a local CSC meeting or parent/community meeting
- April – letter sent home about revised plan and explaining how to access the Title IA Schoolwide Plan

Comprehensive Needs Assessment

A. Provide a brief description of the school, attendance area, and community.

Clarks Point School is a K-12 school located in the community of Clarks Point and has a student population of about 10-15 students. Clarks Point School is part of the Southwest Region School District which is a regional education attendance area within the Dillingham Census Area. The community of Clarks Point has a population of about 50-60 residents.

B. Describe how the comprehensive needs assessment was conducted in an inclusive manner so it reaches all members of the school community (including regular education, special education, talented and gifted, migrant, English Learners, homeless, foster care, etc. as well as low-achieving students), paying particular attention to the needs of educationally disadvantaged children.

The comprehensive needs assessment is comprised of several steps that include, but are not limited, to the following activities:

1. A profile review that consists of an analysis of student achievement (AK Star, MAP, local assessments) attendance, enrollment trends, and behavioral data. This data is broken down by sub-group when possible.
2. A profile review that consists of an analysis of instructional staff retention rates, attendance, qualifications, and other information (teachers and paraprofessionals)
3. A program review of site specific programs including a fidelity review, cost analysis, and desired outcomes.
4. A practice review that includes an assessment on a multitude of indicators in the areas of leadership, recruitment/retainment of staff, instructional transformation, and the culture of learning, including moving the Student of the Month board to a place where it is more visible.
5. A community review was completed to engage the community in identifying areas of need and strengths, including more parent involvement at school both during the school day and during fundraising and engaging the community in an effort to clean the murals that are covered in mildew.

The needs assessment is outlined in the schoolwide plan which is shared with staff and community through the district website, at the annual Title IA meeting, during a CSC meeting, and available by hard copy by request.

C. Summarize the areas of the school's current educational program that need improvement as identified in the comprehensive needs assessment. Identify priority of focus areas for achieving the outcomes of the proposed schoolwide program as being High, Medium, or Low.

Type of Data Analyzed	Area of Need	Priority	Describe needs determined from data in each area, as applicable (do not include solutions here)
State Summative Assessment and other district assessment data	Reading/language arts instruction for all students	High	<p>2022-23 AK STAR proficiency rate was 25% or fewer 2023-24 AK STAR proficiency rate was 40% or fewer</p> <p>2023-24 Spring MAP Data indicates that 9% of students are at or above the 41st percentile 2023-24 fall to spring MAP data indicates that 53% of students met their projected growth goal.</p>
	Mathematics instruction for all students	High	<p>2022-23 AK STAR proficiency rate was 25% or fewer 2023-24 AK STAR proficiency rate was 40% or fewer</p> <p>2023-24 Spring MAP Data indicates that 27% of students are at or above the 41st percentile 2023-24 fall to spring MAP data indicates that 54% of student met their projected growth goal.</p>
	Science instruction for all students	Medium	<p>2022-23 Science Assessments - data set to small to report 2023-24 Science Assessments - data set to small to report</p> <p>2023-24 Spring MAP Data indicates that 29% of students are at or above the 41st percentile 2023-24 fall to spring MAP data indicates that 26% of students met their projected growth goal.</p>
	Other content area instruction for all students	Medium	Assignments and tests relating to the curriculum.
	Support for students with disabilities	Low	<p>2023-24 attendance rate was 96.5% 2023-24 AK STAR ELA proficiency rate was 40% or fewer 2023-24 AK STAR Math- data set to small to report</p> <p>2023-24 MAP Math achievement and growth - data set to small to report 2023-24 MAP Math achievement and growth - data set to small to report</p>
	Support for migrant students	Medium	<p>2023-24 attendance rate was 92.2% 2023-24 AK STAR ELA proficiency rate was 40% or fewer 2023-24 AK STAR Math proficiency rate was 40% or fewer</p>

Type of Data Analyzed	Area of Need	Priority	Describe needs determined from data in each area, as applicable (do not include solutions here)
			<p>2023-24 Spring Math MAP Data indicates that 30% of students are at or above the 41st percentile</p> <p>2023-24 fall to spring Math MAP data indicates that 60% of students met their projected growth goal.</p> <p>2023-24 Spring Reading MAP Data indicates that 10% of students are at or above the 41st percentile</p> <p>2023-24 fall to spring Reading MAP data indicates that 40% of students met their projected growth goal.</p>
	Economically disadvantaged or low achieving students	High	<p>2023-24 attendance rate was 93.4%</p> <p>2023-24 AK STAR ELA proficiency rate was 40% or fewer</p> <p>2023-24 AK STAR Math proficiency rate was 40% or fewer</p> <p>2023-24 Spring Math MAP Data indicates that 27% of students are at or above the 41st percentile</p> <p>2023-24 fall to spring Math MAP data indicates that 54% of students met their projected growth goal.</p> <p>2023-24 Spring Reading MAP Data indicates that 9% of students are at or above the 41st percentile</p> <p>2023-24 fall to spring Reading MAP data indicates that 53% of students met their projected growth goal.</p>
ELP Assessment (Access 2.0)	Support for EL students to attain proficiency in English	N/A	No EL students
Graduation & dropout rate	Ensure students will graduate from high school	N/A	<p>2023-24 graduation rate was N/A (no high school cohort)</p> <p>2023-24 drop out rate was 0%</p>
Attendance & Chronic absenteeism rates	Ensure that students attend school and reduce chronic absenteeism	Low	<p>2023-24 attendance rate was 93.4%</p> <p>2023-24 chronic absenteeism was 27.3% (this is students that missed more than 10% of school days for excused or unexcused absences).</p>
Demographic data	Support for other populations such as subgroups, homeless, foster care, or neglected & delinquent students	Low	<p>No identified foster children</p> <p>No identified homeless children</p> <p>There are policies and procedures in place to ensure students in these demographics have the opportunity for an education including the removal of school enrollment barriers.</p>
Curriculum	Core curriculum aligned vertically and with state standards	High	The adopted curricula went through a review process by a curriculum committee to ensure alignment to state standards

Type of Data Analyzed	Area of Need	Priority	Describe needs determined from data in each area, as applicable (do not include solutions here)
Instruction	Effective instructional strategies and tiered interventions	Low	Without a special education teacher, the general education teachers spend extra time with identified students to provide interventions and effective instructional strategies.
Assessment	Use of formative and progress monitoring assessments to improve instruction	High	Students take weekly spelling/vocab tests, chapter math tests, and reading quizzes. BOY, MOY & EOY Dibels testing and benchmarks.
Supportive Learning Environment	Safe, orderly learning environment	High	Classroom rules are stated verbally, posted, and students are reminded frequently
Family Engagement	Family & community engagement	High	Migrant family engagement nights occur 2x a year. Open house at the beginning of the year. Monthly fun nights and newsletters.
Professional Development (PD) needs assessment	PD to support curriculum, instruction & assessment	High	All staff members take their required eLearning assessments at the beginning of the year, and any other training required.
Professional Development (PD) needs assessment	PD to support individual teacher skills	Medium	Certified staff attend conferences online and in person for professional development.
Professional Development (PD) needs assessment	PD or strategies for hiring qualified teachers	Medium	The hiring process is initiated at the district level for certified staff, and at site level for classified staff.
Leadership	Recruiting, training & retaining qualified principals	N/A	The hiring process is initiated at the district level
Behavior	Encouragement of positive behavior	High	Staff will try to encourage students to earn more positive marks.
Screentime	Decrease in screentime	High	Input from parents and CSC at the needs assessment meeting. Baseline data needs to be determined
Other:			

D. As a result of the comprehensive needs assessment and/or annual review and evaluation of the schoolwide plan, identify three or four goals to be addressed within the comprehensive schoolwide plan during the year for the high priority areas of need identified. Indicate the specific area of need (content, subgroups, etc.). Include current baseline data and a measurable goal/target for the year. In the

Evaluation Measure column, indicate what data source will be used to determine whether the target has been met and/or the evaluation tools to be used.

Area of Need	Baseline Data	Measurable Goal/Target	Evaluation of Measure
Reading, Language Usage, Math & Science	The increase between fall and winter MAP assessments in 2024-25 was 74% and 32% of students met their spring goal on the winter test.	The increase between fall and winter MAP assessments in 2025-26 will be 80% and 50% of students will meet their spring goal on the winter test.	The 2025-26 Fall & Winter NWEA MAP tests.
Reading & Math	The 2023-2024 AKStar test showed 79% of students are at a Level 1: Need Support	On the 2024-2025 AKStar test the percentage of students that are at a Level 1: Need Support will decrease to 70% or lower.	The 2024-2025 AKStar test results.
Positive Behavior	The 2023-2024 average positive mark total per quarter is about 30%.	During the 2025-2026 school year see an increase of positive marks to 60% per quarter.	The 2025-2026 positive mark totals.
Screentime	No baseline data	By the end of the 1st quarter in 2025-26, the average amount of screentime will be determined	The average will be calculated by the end of the 1st quarter
Screentime	No baseline data	A goal for reducing screen time for the remainder of the year will be developed based on the baseline data determined above	Screentime report

Schoolwide Plan Strategies

A. Describe the strategies that the school will be implementing to address the identified school needs.

In order to see an increase in the students' fall to winter test scores, the teachers plan to dig into a huge review at the beginning of the school year until MAP testing begins, they will also go over test taking strategies. In order to encourage the students to try to meet their spring goal on the winter MAP test, incentives will continue to be offered and achievements will be celebrated. The teachers will try to encourage the students to be more responsible and independent with their learning, as that can only benefit them in the long run.

The teachers will begin to do practice AKStar tests with the students in January in order to begin prepping them early. They will also adopt a more rigorous learning environment by encouraging the students to be more responsible and independent with their learning.

The teachers will keep a weekly log of positive behavior marks. They will also spotlight students when they earn positive marks and inspire students to work on earning positive marks by posting a list of things the students can do without having to be asked in order to earn a positive mark.

The teachers will use the Screen Time tool on all laptops and iPads to track how much time is being spent on their devices during the first quarter and then they will use that data to change how much screen time students are getting on both educational apps, such as ALEKS, Edmentum, and Typing Club versus educational gaming apps such as Starfall, Nitro Type, Prodigy, and Number Skills.

B. Describe the strategies that the school will use to provide opportunities for all children, including each of the subgroups of students, to meet the challenging State academic standards.

Rigorous fidelity to the curriculum, posting of the standards for each lesson, progress monitoring through Dibels testing, interventions for students with disabilities and migrant students, parent engagement nights about literacy, individualized reading plans, including the development of such plans, transportation for education trips and professional development for staff to attend a Reading conference or READS Act training and Dibels training.

C. Describe how the school will use methods and instructional strategies that strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.

The staff at the school will teach the curriculum for understanding of the concepts, they will provide homework that reinforces the lessons learned and they will track what standards the students are meeting and those they need to work on. Staff will encourage students to participate in extracurricular activities that will help them with their learning including, providing the supplies needed to help students learn, family engagement nights, BBRCTE and cultural activities. Homework club and tutoring will also be offered after school and an extra duty contract will be offered to anyone in the community willing do run these programs.

D. Describe how the school will address the needs of those at risk of not meeting the challenging State academic standards.

The school will address the needs of those at risk of not meeting the challenging State academic standards by providing the appropriate interventions and extra educational assistance. Staff will attend reading conferences, READS Act training and Dibels training to assist them with helping all students. Staff will host literacy parent engagement nights.

Annual Evaluation & Review Process

A. Describe how the school will evaluate whether the elements of the schoolwide plan have been implemented as planned.

By looking at the 2025 Fall and Winter MAP scores to see if there was a decrease in scores from the fall to winter tests and how many students met their spring goal on the winter test. By looking at the 2025-2026 AKStar test results to determine the percentage of students who need support. By looking at the positive mark totals each quarter to determine if there was an increase in the number of positive marks students receive. Finally, by utilizing the Screen Time tool on all devices to determine the time students spend on their devices and if it is on educational apps or gaming apps.

B. Describe how the school will measure and report student progress on the State's annual assessments and other indicators of student achievement at the end of the school year, for all students and for subgroups of students.

By reporting the percentages of students who increased their score on the 2025 Winter MAP test and by reporting the percentages of students who met their spring goal on the 2025 Winter MAP test. By reporting the percentages of students who are no longer identified as Need Support on the 2025 AKStar assessment. By reporting on the percentage of positive marks received for each quarter during the 2024-2025 school year. By reporting on the percentages of Screen Time students are getting on their iPads during the 1st quarter of the 2025-2026 school year.

C. Describe how the school will evaluate the results of the schoolwide plan in increasing student achievement in meeting the State's academic standards, particularly for those students who have been further from achieving standards, and meeting the goals and objectives in the plan.

We will evaluate the results by determining what actions need to be taken in the classroom and at home to continue to assist the students who decreased their Winter MAP score, who did not meet their spring goal on the winter test, and who identify under the category Need Support on the AKStar assessment.

D. Describe how the school will use the results of the annual evaluation of the effectiveness of the schoolwide plan to make revisions to the plan to ensure continuous improvement of the students in the schoolwide program.

The school will use the results of the annual evaluation to determine if the effectiveness of the schoolwide plan was successful or if revisions will need to be made to the plan. Depending on the success of each area of need, that area may be reintroduced, revised or even removed if it was not wholly successful.

Financial Requirements

- A. Indicate which, if any, of the state, local or federal program resources are used to support the schoolwide plan. (Include only funds that are used to implement components of the schoolwide plan in the school. See 34 CFR, Section 220.29 for regulations relating to consolidation of funds from federal programs.)
